V. **Health Commissioner Report:** Mr. Migliozi presented a written report to the Board for their review. In addition, Mr. Migliozi informed the Board that Governor DeWine would be lifting most of the health orders for the state of Ohio, effective June 2, 2021. H.B. 248 is proposed legislation that would have an impact on any and all childhood immunizations given in the state of Ohio. Most public health agencies and physicians are opposing this proposed legislation. The bill's proposed purpose is to prevent the COVID-19 vaccine from becoming mandatory, but H.B. 248 applies to all immunizations, including childhood vaccines. It prohibits any entity from requiring or requesting any vaccine information; therefore, schools and childcare centers would not be able to request, nor could any parent submit whether their children are vaccinated or not. It prohibits any business, school, childcare facility, university or hospital from requesting any vaccine status, including childhood vaccines and tuberculosis, as a prerequisite for entry or employment. It prevents an entity from maintaining a record of vaccination for children, which would be necessary to reduce exposure should an outbreak of a communicable disease occur. Mr. Migliozi stated that he would keep the Board informed as this bill moves forward. COVID-19 vaccination rates have increased from 1,750 last week, to 2,758 this week, as the age group has expanded to 12 years of age and older.

B. Declaration of Unfit for Human Habitation – 15 & 15 ½ W. Liberty St., Girard City, TK Charles Properties, Owners – Mayor James Melfi was present at the meeting. A request was made by Girard City to determine if the structure located at this address was fit for human habitation. This address is the neighboring property of 25 W. Liberty, which the Board declared unfit at the April 2021 meeting. An inspection was attempted by our agency, but we could not gain access to complete an inspection. Mayor Melfi stated that when 25 W. Liberty was visited, it was determined to have a joint wall with 15 & 15 ½ W. Liberty. Due to the common wall, it was determined that 15 & 15 ½ would also have to come down when 25 W. Liberty was demolished, due to eminent collapse. Mayor Melfi presented a letter from the Girard City Fire Chief as evidence to show that the structure is unfit. Mayor Melfi also informed the Board that this property is in foreclosure, and that the city had informed the owner, but the owner stated that he had no funds to make any repairs or improvements. Following discussion and the evidence presented by Mayor Melfi, Mr. Migliozi and Mr. Wilster recommended that the Board declare the structure unfit for human habitation.

MOTION: 21-69 made by Mr. Messersmith, second by Mr. Borocz to declare the structure at 15 & 15 ½ W. Liberty St., Girard City, unfit for human habitation and a danger to life and health. The property owner must secure and make improvements, or raze the structure within 60 days. Failure to comply will result in the matter being turned over to the court of competent jurisdiction.

Mr. Dubos inquired as to whether the Trumbull County Building Department had inspected the structure. Mayor Melfi responded that they had not, but the Girard Fire Department had inspected it, and deem it as in eminent collapse.

Dr. Firster asked if the common wall was in the basement, and who owned the property. Mayor Melfi stated that the common wall was in the basement, and it was bowed out. The city will notify the land

bank, but 25 W. Liberty is owned by a family who has purchased several properties in the city and not taken care of them. The demolition of the structure will be at the city's expense.

Health Commissioner's Report – May 26, 2021 Board of Health Meeting

1) Budget/Financial

- Attached is the monthly financial report for April 2021. The general fund is at a positive cash balance of \$332,374.41, and our all fund balance at \$3,025,067.15.
- The audit for the 2019 & 2020 calendar years is still continuing. As soon as it is complete, and a report has been issued, I will share it with the Board.

2) Credit Card

- Quarterly update on the credit status has not changed.
- For the credit card transactions, please see the list of bills.

3) Vehicles

- Attached is the cost analysis for the month of April for the vehicles. The overall cost savings with the vehicles, for the month of April was \$914.30 with a year to date savings of \$124.07.

4) Building/Grounds

- As you may all know, Governor DeWine has announced that he will be lifting the COVID-19 pandemic state mandates, effective June 2, 2021. With that, I am using a whole systems approach by surveying the staff as to their view on how they think our agency should proceed with regard to mask requirements and social distancing. The results will be used to make decisions. If any Board Members are interested in participating, please let me know.

5) Union/Management

- Daniel Bonacker applied for the Accreditation Coordinator position, and was promoted to that position effective May 10, 2021. Thus, we now have a vacancy in the sanitarian staffing, which we are currently seeking applicants. It has been internally posted, and we also have sent the vacancy notice to the Association of Ohio Health Commissioners and the Ohio Environmental Health Association seeking applicants.
- Natalie Markusic was one of our union stewards, and with her resignation it left an opening in that area. Daniel Bonacker has been appointed as the new union steward, and will be serving in that capacity with Jenna Amerine.

6) Policies/Procedures – Revisions

- ENV-1090 – Lot Splits Conceptual Approval
- ENV-1120 – Unfit for Human Habitation

7) COVID-19 (Coronavirus)

- We held our last COVID-19 vaccination clinic out at the Trumbull County Fairgrounds on Thursday, May 6, 2021. The fairgrounds served as a great place to vaccinate our elderly population, but as the age restrictions dropped, and more providers were being added to administer the vaccine, we saw a significant drop in the numbers coming to the clinics held at that site. I want to thank Bud Rodgers and the Trumbull County Fair Board, Chief Lewis and the Bazetta Volunteer Fire Department, Bill Hart and the Trumbull County Maintenance Department, and the Trumbull County Commissioners for allowing us to use the grounds and the facility, and helping us with the many aspects involved in setting up, maintaining and running this type of endeavor. I would also like to thank Julie Green for her hard work and efforts she put forth in organizing the volunteers and donations of refreshments for all the clinics. Lastly, I would like to thank our dedicated staff, led by Sandra Swann, our Nursing

Director, and Kristofer Wilster, our Environmental Director. Our staff has worked tirelessly from the beginning of this pandemic, and continues to do so as our efforts evolve in addressing COVID-19.

- As I had explained previously, we are continuing to adjust our approach in our administration of the COVID-19 vaccine. We have begun a partnership with the Eastwood Mall Complex, and have been holding vaccination clinics in the mall. We have been scheduling the clinics at various times of the day and week to adequately address residents' busy schedules, and these clinics have proven to be successful. Moreover, we continue to work with local leaders to hold clinics in areas of need to address vaccine equity.

*WCPD use paperwork is not coming in at the rate it did previously. I used to receive the reports from the Chief of WCPD, by email. But I now receive them from one of the street crimes officers and he batches them rather than emailing as they come in. Resulting in the low use numbers under Law Enforcement.
