- IV. **Health Commissioner Report:** Mr. Migliozi provided a written report to the Board for their review. In addition, Mr. Migliozi reported that as of today's date there had been 75 cases of Monkey Pox reported in Ohio. There are two tiers for people wishing to obtain the vaccine for Monkey Pox, the first tier are those who have been exposed, and the second tier are those who are at high risk. The state is allowing local health districts to order and administer the vaccine. Trumbull County has seen no cases as of yet. Currently, we are enhancing our surveillance and preparing information to send to the hospitals, urgent care facilities and physician's offices. We are also meeting with the Trumbull County EMA Director to discuss the matter. Dr. Firster questioned as to whether a full strength dose is being administered, or whether it is being diluted. Mrs. Swann responded that it is a 5-dose vial, and any vaccinations that are given would be by appointment to get the maximum dosage out of each vial.

MOTION: 22-140 made by Mr. Dubos, second by Dr. Firster to accept the written report of the health commissioner as presented.

Health Commissioner's Report – August 10, 2022 Board of Health Meeting

1) Budget/Financial

- Attached is the monthly financial report for June & July 2022. The general fund is at a positive cash balance of \$333,572.19, and our all fund balance is at \$3,009,291.13.

2) Credit Card

- Quarterly update on the credit status has not changed.
- For the credit card transactions, please see the list of bills.

3) Vehicles

- Attached is the cost analysis for the months of June and July for the vehicles. The overall cost savings with the vehicles, for the month of June was \$353.34, with a YTD savings of a negative \$534.89, and for the month of July the cost savings was \$1,904.87, with a YTD savings of \$1,369.99.
- The six replacement vehicles have been ordered from Mark Thomas Ford, but their estimated delivery date is not until August.
- The Chevrolet Traverse is still in Michigan due to a continued transportation issues.

4) Building/Grounds

- None.

5) Union/Management

- None.

6) Policies/Procedures – Revisions - None

7) COVID-19 (Coronavirus)

- Since our last board of health meeting, reported cases have quickly climbed to the highest numbers we have seen since early February. As of 7/31/22, our 7-day case count was at 439. As expected, we are also experiencing an increase in cases in our congregate care centers, as well as seeing an increase in hospitalizations.
- Per the CDC Community Level Prevention Strategy, we have elevated to the high ranking, or orange color code; therefore, the recommendations are to wear a mask indoors in public, stay up to date with COVID-19 vaccines, be tested if you are experiencing symptoms and take additional precautions as needed if you are at high risk for severe illness.
- We gave out 450 COVID-19 test kits at the Trumbull County Fair, and continue to offer them to the public through our office and at different events in the county. We gave the Trumbull County Mental Health & Recovery Board test kits to distribute at their recovery rally event in September, and as practices begin for fall sports and marching band, we have also offered them to our schools, as testing is an important strategy in identifying COVID positive persons.

8) Accreditation

- The Mahoning-Trumbull County Partnership held 4 Community Health Improvement Plan (CHIP) meetings, which were both virtual and in-person. These meetings were held on 7/10/22, 7/11/22, 7/18/22 and 7/21/22, and allowed for the development of the strategies for the 3 established priority areas, which are "Mental Health & Substance Abuse", "Access to Care" and "Community Conditions & Safety". The first meeting, held on 7/10/22, was a public meeting wherein all 3 establish priorities were presented and discussed. This meeting was held in Warren City Council Chambers, and was very well attended. The other 3 subsequent meetings were held at KSU Trumbull, and each priority area was presented on a different day, and those agencies and stakeholders pertinent to each priority area were invited to participate. The feedback on all 4 of the meeting was presented to the representatives from The University of North Carolina at Chapel Hill, who will be writing up the final CHIP document.
- Attached is the 2nd quarter Performance Management Dashboards. As you review the dashboards, you may notice on the financial dashboards that many of our numbers are in the "red"; this is due to grant

reimbursements into the general fund not occurring until July, and they were therefore not reflected in the 2nd quarter.

9) Other

- Because the Ohio Legislature is on summer break, there is nothing new to report with regard to any of the pending Senate Bills.
- ODH Director, Bruce Vanderoff, issued a Director's Journal Entry on July 27, 2022, declaring the Monkeypox Virus (MPV) a disease of significant public concern, and ordered health care providers who have knowledge of a person suffering from MPV, to report the infection or suspected infection to the local health district in which the patient resides. In addition, all laboratories conducting business in Ohio and testing for MPV or Othropoxvirus are also to report all positive/detected and equivocal results to the local health district in which the patient resides. To date, there have been 30 confirmed cases in the state of Ohio. As a result, our disease surveillance by our epidemiologist has been enhanced, and she is keeping a close watch on this virus transmission as it developments, looking for any evidence of it in our county.
- We received a notice of award for the Breast & Cervical Cancer Screening Program (BCCP) Grant for \$55,000.00. This grant is to increase screening and provide care to the uninsured and under-insured population in our area, which fits in with our CHIP priority area for Access to Care. We will be collaborating with TCAP and their community workers for this grant.

RE: Board Report (08/10/2022)

- **Accreditation:**
 - **Strategic Plan:**
 - The TCCHD has completed the creation of our new social media account on the digital platform Instagram. In conjunction with this platform creation, a sub-committee for social media content creation was also formulated by various members of the TCCHD to begin meeting and develop content for Instagram that is specifically targeted to females ages 35 and younger with regard to reproductive health. This approach aligns with both our strategic plan objective 1.3, and 1.4.
 - The communication infrastructure plug-in “Healthier Happier U” fully launched on 7-13-2022. Fulfilling strategic plan objective 1.2. This plug-in pulls context from various digital social media sites, and incorporates them into the wellness hub homepage.
 - **Performance Management:**
 - The second quarter Performance Management (PM) Meeting occurred on 7-5-2022, and the corresponding PM dashboards were updated and posted in the common areas outlined within the PM system document for all TCCHD employees to review.
 - **Re-Accreditation Modules:**
 - With the full integration of the New Standards and Measures version 2022 from PHAB, new Re-Accreditation educational service modules have been released to review. I have begun the first journey/module as 8-1-2022.
 - **Workforce Development:**
 - Two meetings with regard to workforce development have taken place on 7-6-2022, and 7-20-2022. The committee has completed element A (Workforce Capacity Assessment) of 5 total elements within the PHAB standards and measures, and an introductory session for new elements that must be incorporated into the Workforce Development Plan.

- **Quality Improvement:**
 - A half-day mandatory staff training occurred on 6-27-2022, and offered several brief refresher courses regarding QI initiatives and endeavors within the TCCHD.
 - The QI document has been completely finished, and awaits the Board's final approval.
- **Community Health Assessment/Community Health Improvement Plan CHA/CHIP Plan:**
 - 4 hybrid (virtual and in-person) community meetings with regard to all three CHIP priorities were held on 7-10-2022, 7-11-2022, 7-18-2022, and 7-21-2022. These meetings allowed for development of strategies for all 3 CHIP priorities.
 - I finished review of the CHNA report for Mercy Health and provided feedback.
 - The CHNA for Trumbull County was reviewed by other members of the committee and drafting of this document has begun as of 7-21-2022.
 - I have reviewed the 3 CHIP priorities rough drafts and provided feedback to the committee and UNC as of 8-1-2022.
- **Covid -19 Mitigation:**
 - Currently, personnel within the administrative division of the TCCHD are not working within the scheduled Covid-19 vaccination clinics.
- **EHSIT/REHS Endeavors:**
 - Unfortunately, I failed the first attempt at passing the REHS exam. After conferring with NEHA (the agency that offers the exam) it was determined that the study guide I was using from 2016 was an inadequate study source, and I ordered the new 2022 study guide to review, before I take the exam again.
