- Mr. Simon – Yes
- Mr. Messersmith – Yes
- Mr. Biery – Yes

Motion carried.

F. Vehicle Purchase – Administration looked into the possibility of trading in the health district’s aging van for a new, more fuel efficient sedan, through the state purchasing program. The purchase price through the state would be \$18,186.00, for a Ford Fusion, and the closest participating dealer is Middletown Ford Fleet Department from Middletown, Ohio. Mr. Biery questioned as to why the district would not purchase a vehicle from a local dealership. Mr. Migliozi responded that that would require bypassing the state purchasing program. Atty. Kokor stated that the Board does not have to go through state purchasing, if they can get a better or comparable deal with a local dealership. Mr. Biery stated that he would prefer to buy locally if that is possible. Mrs. Salapata questioned as to whether this vehicle would be large enough to accommodate the health district’s needs, and Mr. Simon asked what the intended use would be for the vehicle. Mr. Migliozi responded that essentially the vehicle would be used for conference travel and some inspections. Mr. Simon stated that the county engineer’s office purchased a Chevy Cruze, which proved to be too small, and recommended that if a vehicle is purchased it may be best to go larger.

No action regarding this matter was taken. Mr. Simon suggested that the health district contact the county engineer to see how and/or who he used to purchase their vehicle. Atty. Kokor stated that he would also check with a dealership.

G. Declaration of Unfit for Human Habitation – 34 Robert Dr., Vienna Twp. – Not present. A request was made by Vienna Township Police to determine if this structure was fit for human habitation. The police were called to this property and they discovered that the homeowner was using the residence to manufacture methamphetamine. They also discovered that a four year old child was residing in the home. The child was removed from the home and taken to the hospital for decontamination. Upon inspection, Kevin Francis, the health district’s inspector, noted the presence of solid waste, gross unsanitary conditions, that there was no water, electric or gas, and the temperature in the home was 41 F.

MOTION: 16-222 made by Mr. Messersmith, second by Mr. Borocz, to declare the structure at 34 Robert Dr., Vienna Twp., unfit for human habitation.

Roll Call Vote:

- Mr. Borocz – Yes
- Mr. Dubos – Yes
- Mrs. Salapata – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes
- Mr. Biery – Yes

Motion carried.

Mr. Wilster commended inspector, Kevin Francis, for his willingness to immediately address these types of situations when identified.

MOTION: 16-223 made by Mr. Messersmith, second by Mr. Borocz to approve the Policy for Trumbull County Community Response Plan to Drug Overdose.

Roll Call Vote:

- Mr. Borocz – Yes
- Mr. Dubos – Yes
- Mrs. Salapata – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes
- Mr. Biery – Yes

Motion carried.

XII. Citizens Comments - None.

XIII. Executive Session: MOTION: 16-224 made by Mr. Messersmith, second by Mr. Borocz to go into Executive Session for the purpose of discussing collective bargaining matters.

Mr. Simon stated that he would be recusing himself from any vote regarding this matter because of his sister working at the health district. Atty. Kokor responded that Mr. Simon did not have to recuse himself from the discussion. Mr. Simon stated that when he decided to run for the Board position, several people asked as to how he would handle votes that involved his sister, and he informed them that he would recuse himself.

Roll Call Vote:

- Mr. Borocz – Yes
- Mr. Dubos – Yes
- Mrs. Salapata – Yes
- Mr. Simon – Abstain
- Mr. Messersmith – Yes
- Mr. Biery – Yes

- XV. Date of Next Regular Meeting: January 25, 2017.** The Ohio EPA has completed settlement discussions with Lafarge, and has issued Findings & Orders. The EPA now considers the facility to be in substantial compliance. As such, the Ohio EPA has recommended that the health district consider taking action and renew the facility's 2016 & 2017 license applications. Mr. Migliozi requested that the Board schedule a special meeting for December 28, 2016, at 10:30 AM, and Ohio EPA representatives would also be in attendance. Lordstown Village Mayor Arno Hill has requested that the special meeting be held at the Lordstown Administration Building. Also on the agenda will be the 2017-2019 Collective Bargaining Agreement.

MOTION: 16-227 made by Mr. Messersmith, second by Mr. Borocz to schedule a special meeting on December 28, 2016, at 10:30 A.M., at the Lordstown Village Administration Building for the discussion of the 2016 & 2017 C&DD landfill licenses for Lafarge and the 2017-2019 Collective Bargaining Agreement.

Roll Call Vote:

Mr. Borocz – Yes
Mr. Dubos – Yes
Mrs. Salapata – Yes
Mr. Simon – *Not present*
Mr. Messersmith – Yes

Health Commissioner's Report –December 2016 Board of Health Meeting

1) Budget

- The general fund continues to show that expenditures are exceeding revenues. We are continuing to make some payroll changes, and reallocating some of the revenue in the other fund accounts, for expenses paid out of the general fund for these fund accounts, to alleviate the negative balance. In addition, the state was late on several reimbursements that caused us to encumber expenditures out of the general fund. We are awaiting funding to reimburse the general fund. We will continue to monitor this fund closely.
- 2) The Permit to Operate Assessment refunds have been completed. There are approximately 5 or 6 properties where the properties were sold, and the tax payment was made in cash. We will be looking further into these properties to try to determine who the owners were at the time of the payment, and verify who paid the taxes to determine to whom the refund is due.
 - 3) The bulk of my time from 11/7/16 – 12/2/16 was spent on administrative work and accreditation.
 - 4) The 2017 NALBOH Annual Conference is scheduled for August 2 – 4, 2017, in Cleveland, Ohio. If any Board Member is interested in attending this conference, please let me know so that arrangements can be made.
 - 5) On November 23, 2016, the Ohio EPA issued Findings & Orders to Lafarge. The purpose of the Findings & Orders are to establish a detailed set of requirements and timeframes that puts the facility into substantial compliance with application of the state rules. Consequently, the EPA notified the Trumbull County Combined Health District that they want us to issue the 2016 & 2017 license renewals. Additionally, our consultant, Lynn, Kittinger & Noble, reviewed the 2017 application and indicated some items that need to be corrected beyond the Findings & Orders, and we are working with the facility on those issues.

In light of the above mentioned information, the Board of Health will need to set up a special meeting before the end of the year, to consider issuance of the 2016 & 2017 licenses. I have asked representatives from the Ohio EPA to be present to answer any questions the Board may have about this process, and they have indicated that they will attend.

Lastly, since the facility is located in Lordstown, I believe we should hold the special meeting at the Lordstown Administration Building, if available. The meeting will be held during normal business hours, as the Ohio EPA representatives will be travelling from Twinsburg and/or Columbus. I am requesting that the Board consider a day and time to discuss and vote on this matter.

Subject: Call for Abstracts Open for NALBOH Annual Conference - August 2-4, 2017

Present at the 2017 NALBOH Annual Conference!

The 2017 Annual Conference will take place August 2-4, 2017 in Cleveland, OH.

NALBOH invites you to consider submitting an abstract for presentation at this year's conference. With registrants coming from across the country, attendees at the 2017 conference will come from the full range of boards (state, rural, urban, multi-district, etc). NALBOH is also pleased to be celebrating 25 years of improving board governance in 2017. Don't miss this conference!

This year's theme is, "***Celebrating Innovations in Board Governance: the Past, Present and Future***". Conference activities will provide attendees with information, skills, and resources to empower board of health members to continue to improve public health through continued innovation and improvement in board governance. We look forward to an exciting conference full of learning and a celebration of the important role boards of health play in their community!

Why Present at the NALBOH 2017 Annual Conference:

- Share your research and expertise with others. There may be more to learn or partnerships you have not yet explored that could be generated by presenting.
- Contribute to the most recent advances in local public health

governance.

- Learn how to talk about your data or program.
- Contribute to your overall professional profile and resume.
- Meet other professionals in your field and future resource contacts!

Click here for more information and to submit your presentation. **The deadline for submissions is January 27, 2017.**

About 44,000 people get infected with HIV each year in the United States?

CREATING HEALTHY COMMUNITIES COALITION NEWSLETTER

December 2016

Welcome Back,

December 1st was World AIDS Day

This day is dedicated to reduce stigma and improve awareness and education about HIV. In the United States, about 1 in 8 people who has HIV doesn't know it. The only way to know for sure whether or not you have HIV is to get tested. You could have HIV and still feel healthy. Everyone ages 15 to 65 needs to get tested at least once. To prevent HIV:

- ⇒ Get tested
- ⇒ Never share needles
- ⇒ Practice safe sex

To get tested: Ask your doctor for an HIV test, or find a testing site near you by visiting gettested.cdc.gov, texting your ZIP code to KNOW IT (566948), or calling 1-800-232-4636. Many testing locations are FREE and confidential. You can also buy a home testing kit at a pharmacy or online. Most HIV tests are covered by health insurance.

Our Mission:

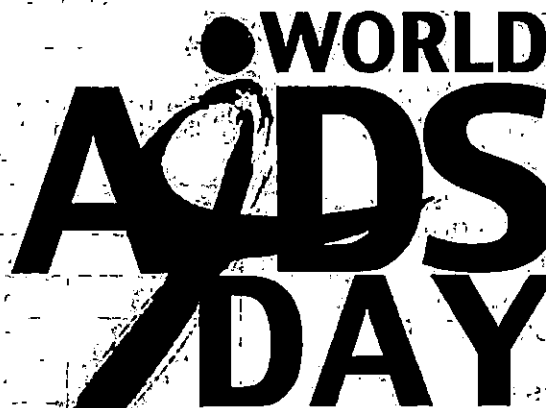

Creating Healthy Communities is committed to preventing and reducing chronic disease statewide. Through cross-sector collaboration, we are activating communities to improve access to and affordability of healthy food, increase opportunities for physical activity, and assure tobacco-free living where Ohioans live, work, and play. By implementing sustainable evidence-based strategies, CHC is creating a culture of health.

Making the Healthy.

SCOPE & Trumbull County Combined Health District

SCOPE Senior Services of Trumbull County, Trumbull County Combined Health District and Second Harvest Food Bank of the Mahoning Valley have partnered to provide free groceries through the winter to the elderly who are homebound and shut in.

SCOPE has been operating a "Traveling Pantry" food truck along with the Warren Family Mission, which delivers free groceries to the elderly in Trumbull County since July of 2015.

Second Harvest Food Bank provides food to hundreds of non-profits and food pantries in the Mahoning Valley to be distributed through those local agencies. In the summer Scope received a Healthy Communities Grant through the Trumbull County Combined Health District to pick up produce at the various farmers markets including Bolindale Park in Trumbull County to be delivered with the groceries.

Since the SCOPE food truck is one of a kind in Ohio it was ideal for the organizations to team up to provide this service to our homebound elderly citizens. SCOPE currently delivers three days a week all over Trumbull County to over 200 citizens every two weeks. The bulk of those served live in a "food desert" as outlined by the U.S. Department of Agriculture. That designation accounts for half of the City of Warren and many rural areas within Trumbull County which are not in close proximity to a full service grocery store.

Second Harvest Food Bank was able to get the groceries through a grant from the Commodity Supplemental Food Program (CSFP) which works to improve the health of low income elderly people by supplementing their diets with nutritious foods. Second Harvest delivers pallets full of food boxes every two weeks to the SCOPE Senior Services headquarters at the Warren SCOPE Senior Center. Then the food boxes enough to feed citizens for two weeks are loaded and delivered via Mature Services volunteers through six routes which serve the elderly across Trumbull County.

The citizens receive shelf stable groceries including Peanut Butter, Instant and 1% milk, Orange or Grape Juice, Cereal, Beef Stew, Chunk Chicken, Elbow Macaroni, Canned Vegetables, Canned Fruit and Cheese. Scope received a Healthy Communities grant through the Trumbull County Joint Health District to pick up produce at the various farmers markets in Trumbull County.

Evaluation: Bicycle/Pedestrian Infrastructure Warren, Ohio

The sidewalk, safety, surface quality, and path benefits were analyzed in the 2016 Bicycle Evaluation by Michael Helco. Assessments of the bicycle paths on the North, Central, and South sections of the paths as well as Fremont Avenue, and Paige Avenue. Road and sidewalk conditions, daily pedestrian traffic, safety, lighting, and other variables were considered as part of the evaluation. Recommendations from the findings of this bike evaluation include more lighting, more bike racks, safer road conditions, and cleaner paths. Improving this infrastructure can encourage members of the community to use these free-of-cost bike paths.

Warren Better Block Event

Saturday October 15; Trumbull Neighborhood Partnership hosted the first annual Better Block Event in Warren. Partnered with Warren Redevelopment and Planning, the Fine Arts Council of Trumbull County, and volunteers the event was a success!

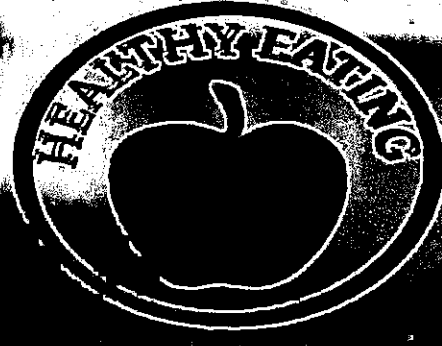

The event downtown stretched down to Thumm's bike shop at 330 W Market St, Warren, OH 44481 all afternoon. A bicycle lane was created using chalk and traffic cones to display how improvements could be made to the roads and infrastructure in the city to be more accessible to foot and bike traffic. Dozens of helmets were given away, and two bicycles were raffled.

Local businesses set up pop-up restaurants and retail shops with samples and food to purchase that lined the sidewalks, and a performance was put on by Kent State University Trumbull's Theatre. Another event is currently being planned for Spring of 2017!

Community Engagement

Community engagement is very important in improving the health of Trumbull County residents. Collaboration of stakeholders is essential in establishing new systems to maintain and build on public health efforts. One example of a community engagement tool is Healthy Cities/Healthy Communities. This model is used to develop a community-wide strategy to implement a plan. This method considers the community's perspective and the determinants of health including economic, social, political, and environmental factors at the community level. Gathering a group, generating a vision, and assessing resources and barriers are important parts of this method. For more information on the Healthy Cities/Healthy Communities model visit the CDC's Healthy Communities Program website at <http://www.cdc.gov/nccdphp/dch/programs/healthycommunitiesprogram/>.

Tod's Crossing is Now Smoke-Free!

As of September 1, 2016 Tod's Crossing has joined the efforts of the Creating Health Communities health coalition to become smoke-free multiunit housing. Smoke-free housing benefits not only the tenants' health, but also reduces the risk of fires and property maintenance costs for property owners. Secondhand smoke is especially dangerous for children, elderly, and individuals with chronic diseases. Multi-unit housing with shared ventilation systems can make it difficult to avoid secondhand smoke.

The Creating Health Communities Coalition's mission is to improve health and well-being by preventing and reducing chronic diseases focusing on tobacco-free environments. If you are interested in a smoke-free policy being adopted for your multi-unit housing building, please contact the Health Educator at the Trumbull County Combined Health District 330-675-7807
